

# Summer Shade

**Cody Simpson**

Hey nice to meet you, what's your name?  
I saw you walkin' up my way girl  
Oh maybe we could spend the day  
We could lay my jacket out on the sand  
And do something

I'm sorry that my hair's so wet  
I'm sorry girl but have we met before?  
It's not something that I'd forget  
Come on baby, take my hand  
Let's do something

'Cause the sun is setting soon  
Honey honey  
I won't let you walk alone  
And when the sun comes up tomorrow  
I'ma walk you home

All I wanna do is hang with you  
Every day in summer shade  
All I wanna do is be with you  
Be with you, oh yeah  
All I wanna do is hang with you  
Every day in summer shade  
All I wanna do is be with you  
Be with you, oh yeah, yeah yeah

I just wanna be your man  
I just wanna see you dancin'  
I'll take you to the south of France  
Watch the fireworks tonight ooh yeah

'Cause the sun is setting soon  
Honey honey  
I won't let you walk alone  
And when the sun comes up tomorrow  
I'ma fly you home

All I wanna do is hang with you  
Every day in summer shade  
All I wanna do is be with you  
Be with you, oh yeah  
All I wanna do is hang with you  
Every day in summer shade  
All I wanna do is be with you  
Be with you, oh yeah, yeah yeah

Oooohhh oooh yeah yeah  
Oooohhh oooh yeah yeah

I'ma be with you summer, fall, winter, spring  
You could be my queen and baby I will be your king  
Tell me what you want, I'll give you everything  
Okay ey ey ey ey

Ooooh oooh yeah yeah  
All I wanna do

Ooooh oooh yeah yeah
