Sun Go Down

Cody Simpson

Walk with me
To where the mountains hit the sea
Let the moment take you over
Will take you where you wanna be

'Cause if wanna trust me
I could set you free
And if you wanna love me, babe
I keep you right [?]

Feel your body moving
To the sound of the drumbeat now
Everybody wanna fall in love
While the sun go down
While the sun go...

Sun go down
Sun go down
While the sun go down
Sun go down
Sun go down
While the sun go down

Talk to me
And tell me what I wanna hear
And tell me that you'll never leave me
And that we'll try to ease your spirit

'Cause if wanna trust me, oh
Then I could trust you too
'Cause even though I can't trust myself
With somebody like you

Feel your body moving
To the sound of the drumbeat now, oh
Everybody wanna fall in love
While the sun go down
While the sun go down
While the sun go...

Sun go down
Sun go down
While the sun go down
Sun go down
Sun go down
While the sun go down
Sun go down
Sun go down
While the sun go down
Sun go down
Sun go down
While the sun go down
