Cody Simpson

Let's get away, wanna take ya to somewhere I know  
Somewhere I know  
Baby, I just wanna go, take you to somewhere I know  
Uncivilized islands are waiting outside of the bar  
Out of the bar  
Waiting outside in a car, let's get up out of the bar

'Cause I wanna go somewhere I know  
Where we can take it slow  
I wanna go, I wanna go  
I wanna go somewhere I know  
Where we can take it slow  
I wanna go, I wanna go

I'm underwater 'cause I'm drowning in your body  
Baby we can leave this party  
Take ya somewhere that I know  
I wanna go  
Underwater 'cause I'm drowning in your body  
Baby we can leave this party  
Take ya somewhere that I know  
I wanna go, I wanna go

Topping up the fuel, filled with azure cool  
To the crystal pool  
Let's get away now, let's get away now  
The silver engine hums  
This pirate ship is done, million ways to run  
Let's get away now, let's get away now

'Cause I wanna go somewhere I know  
Where we can take it slow  
I wanna go, I wanna go  
I wanna go somewhere I know  
Where we can take it slow  
I wanna go

I'm underwater 'cause I'm drowning in your body  
Baby we can leave this party  
Take ya somewhere that I know  
I wanna go  
Underwater 'cause I'm drowning in your body  
Baby we can leave this party  
Take ya somewhere that I know  
I wanna go, I wanna go
