

How Can I Resist

Coffey Anderson

Let's take this old truck for a spin
Just to see your hair blow in the wind
405 jammed up again
Happens every now and then

You can tell that I've been missin' ya
'Cause I can't stop kissin' ya
Guess we'll take the long way home

I'm swervin' on a highway, faded t-shirt on
It's fallin' off your shoulder, dancin' to my country song
You're just like an outlaw, girl, you're worth the risk
Stealin' all my attention and kisses
How can I resist?
How can I resist?
I ain't, I can't, I ain't
How can I resist?
How can I resist?
I won't, I don't, I won't

Let's get a little tangled tonight
I'm the fire and your dynamite
Your body's sayin' it's been too long
Forgive me if I come on strong

You can tell that I've been missin' ya
'Cause I can't stop kissin' ya
Guess we'll take the long way home

I'm swervin' on a highway, faded t-shirt on
It's fallin' off your shoulder, dancin' to my country song
You're just like an outlaw, girl you're worth the risk
Stealin' all my attention and kisses
How can I resist?
How can I resist?
I ain't, I can't, I ain't

You're a thief that I desire
I'm ready and I won't get tired
Riding through the midnight sky
You give me a reason to try, to try, to try, to try
Come on

Swervin' on a highway, faded t-shirt on
It's fallin' off your shoulder, dancin' to my country song
You're just like an outlaw, girl, you're worth the risk
Stealin' all my attention and kisses
I'm swervin' on a highway, faded t-shirt on
It's fallin' off your shoulder, dancin' to my country song
You're just like an outlaw, girl, you're worth the risk
Stealin' all my attention and kisses
How can I resist?
How can I resist?
I ain't, I can't, I ain't
How can I resist?
How can I resist?
I won't, I don't, I won't

How can I resist?
