

Tailgate

Coffey Anderson

By the beach
By the lake
Backed up by the bleachers at the hometown game
Stole some hearts, spilled some drinks
Made all new memories on a tailgate, tailgate

Sunrise fishing, George Straight listening
Slow sipping cold ones on a hot day
Moonlight kissing, shooting star wishing
Bare feet dangling 'bove a license plate
Brings us all together
Life's a little better on a tailgate, tailgate

Couple dents on that truck
Paint chipping showing just a little bit of rust
Doesn't matter the condition
It's all good when you're sitting on a tailgate, tailgate

Sunrise fishing, George Straight listening
Slow sipping cold ones on a hot day
Moonlight kissing, shooting star wishing
Bare feet dangling 'bove a license plate
Brings us all together
Life's a little better on a tailgate, tailgate

Pull that handle, drop it
Twist the top and pop it
Turn them speakers up and rock it
Nothing else can stop it

Sunrise fishing, George Straight listening
Slow sipping cold ones on a hot day
Moonlight kissing, shooting star wishing
Bare feet dangling 'bove a license plate
Brings us all together
Life's a little better on a tailgate, tailgate
Brings us all together
Life's a little better on a tailgate, tailgate

Brings us all together
Life's a little better on a tailgate, tailgate
