Cog

It's elevating us,
Bowling and shaping us.
It's elevating us,
It's resonating.

Caught in headlights I'm all right,
Coming over to your side.

It's elevating us,
Bowling and shaping us.
It's elevating us,
It's resonating.

No more blindfolds, open eyes.
Shaking the frequency.
Stand by soldiers, run by night.
Shaping the frequency.

It's elevating us,
Bowling and shaping us.
It's elevating us,
It's resonating.
It's resonating.

Caught in headlights, I won't do it.
Caught in headlights, I won't lose it.
I won't do it, I won't lose it.
Breath shaking the frequency,
Breath shaping the frequency.

It's elevating us,
Bowling and shaping us.
It's elevating us,
It's resonating.
Resonating!
