

# Blind Side Sonny

Coheed and Cambria

Hey, I'm Blind Side Sonny  
Here to give you the news  
The kind you won't like cause it involves you  
You want to take me, take me for all I got  
Well, you got to catch me  
Are you ready or not?  
Decide once and for all  
Is it trouble you want?  
Cause he in your lies  
You're only going to get caught  
And now you're going to face  
Your biggest fear  
Your ass is no longer welcome here

Blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some  
We want blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some

Go on  
Give me some  
Go on give me your tears  
Know this for a fact  
I will not hear  
Your retaliation doesn't mean shit  
Go on give me a myriad of reasons  
I've had to relive through the times  
Of all the unpleasantries and crimes  
Used up all of your nine lives  
Don't fool yourself, Sonny  
Now you're living in mine

Blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some  
We want blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some

Dancing through a mental breakdown  
I find I am always met with doubt  
I'll show my baby I can

Change to become something better  
But the work I put in isn't what I get out...

Blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some  
We want blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some  
Blood, we want blood, we want blood  
Yeah, yeah, yeah  
Give us some

We want blood, we want blood, we want blood!
