

Number City

Coheed and Cambria

Attention we have got
A medical emergency
The patient's condition
Is critical and fading
Oh, I've got this under control
But there is no guarantee
Now should you question
This professional opinion
It's time we'll spend wasting

And oh, if you want to see
Go on and tear it out of me

This case is possibly the worst
That I have ever seen
I see how vulnerable we
As a people can truly be

And oh, if you want to see
Go on and tear it out of me
And oh, if you want to see
Go on and tear it out of me

Honey, release my heart, if you
Honey, release my heart, you let me go
Release my heart, if you, Honey
Do not let me
Do not let me go

A radio transmission sent
To get the heart to listen
(Defibrillate, defibrillate)
A radio transmission sent
To get the heart to listen

Oh, oh this is love from a gurney
Oh, this is love from a gurney
Oh, this is love from a gurney

Believe in Number City

Honey, release my heart, if you
Honey, release my heart, you let me go
Release my heart if you, Honey
Do not let me
Do not let me go
Honey, release my heart, if you
Honey, release my heart, you let me go
Release my heart if you, Honey
Do not let me
Do not let me go
