This Shattered Symphony

Coheed and Cambria

Oh, I'm giving up the one I love I'll conduct the great disaster To scar my skin to own this hurt

They offered their hearts
and we tore them apart
They offered their blood
and we left them so parched
I don't know if I can give you anything you want

Go on and give me the gun! Never mind what I've done They left me no choice, oh, they left me no choice

Go on and give me the gun!

Let me blow them open

It's out of my reach,

Never mind what they think about me

I don't want to say that with mercy we decay Converging closer and faster Does all I touch turn to dust?

And she confessed her love
Only I shut her up
as I took all her words
and allowed them to rust
I don't know if I'm the man you truly want to love

Go on and give me the gun! Never mind what I've done They left me no choice, oh, they left me no choice

Go on and give me the gun!

Let me blow them open

It's out of my reach,

Never mind what they think about me

Little have they learned anything about me Meddling eyes that judge mistakes What awful things they say when backs are turned and no one's looking?

Go on and give me the gun! Never mind what I've done They left me no choice, oh, they left me no choice

Go on and give me the gun!

Let me blow them open

It's out of my reach,

Never mind what they think about me

In this shattered symphony

In this shattered symphony

Give me the gun!
