

Clingy

Coi Leray

I don't know why you say what you say to me
You play it so safely, uh
But you won't make that space for me
Still don't need no one saving me
I got to keep that thing on me
Never ride with it on safety
Ironically, you be watching me
But it's crazy all the things you don't see

Baby, I'm too clingy
I wanna be close all the time
So needy
Who needs that all the time?
It's crazy 'cause I know you feel it
Yeah, and you know you feel it too (Feel it too, yes, I do)

I don't bring you out 'cause I'm protecting you (Protecting you)
I feel imposed to be exposed with you (With you)
Dealing with my problems, I don't know where to start (I don't know)
Girl, I hate when you say we growing apart
She keep me healthy, she watch what I eat
Put her in Maybach, massage in her seat
Driving 'round, smoking gas on E
She want a smart guy to get geeked
Shorty, your confidence turn me on
Got her an AP to match her charm
Tell me what you need, I'll get you whatever you want
Go for a bite, spend a thousand on lunch
Ain't tryna display no public affection
Chillin' in the VIP, got killers in the section
When we get lit, make a toast with a bottle
Shorty gon' pull up whenever I call her
It's not my fault that you can't be beside me
We set a date and you gotta remind me
Never too vulnerable with who I trust
Keeping my stick and my feelings on tuck

Baby, I'm too clingy
I wanna be close all the time
So needy
Who needs that all the time?
It's crazy 'cause I know you feel it
Yeah, and you know you feel it too

Treat my body like VIP
On the couch, you can stand on the seat
To the floor, we can bang to the beat
You ain't never met a freak like me
She don't cut up on the D like me
Panties on with the lil' white tee
Yeah, Coco with a lil' Ice-T
We could do it like Jay and B
You got me rockin' and rollin' the way that you strummin' on me
We tossin' and turnin', but no, we ain't sleepin' up under these sheets
Yeah, I still don't know why you stay, but you stay with me (Oh, oh, oh)

Baby, I'm too clingy (I'm too clingy, clingy)

I wanna be close all the time (Oh, oh)
So needy (So damn needy)
Who needs that all the time?
It's crazy 'cause I know you feel it
Yeah, and you know you feel it too
