Coi Leray

My time is way worth more than these broke bitches that you be with
Yeah, the least you could do is come pull up on me, nigga
Yeah, come give me head until I cum
Yeah, come give me head until I cum
I know the head might solve the problems
I know it's hard to deal with a bitch like me
Not tryna be difficult, I'm different, baby

Yeah, you might just fall in love
I like it when we touch
You just can't get enough
Yeah, I just don't get it, babe
These bitches in the way
I don't know why I stay

They just want money and clothes
Can't fall in love with these hoes
We won't tell nobody, I promise that no one has to know
Touching on my body, give me head like it's honor roll
Try new ways to fuck you without getting my feelings getting involved

Can't fuck with a dumb nigga, all that love shit I swear you can run with it
Oh wait, I need some more liquor
I promise I never changed
Yeah, I just got more richer, yeah
Wipe my tear with a tissue with some days I don't miss you
I thank God for myself, I swear I'm so grateful
Fuck niggas bad for my health, I don't pay 'em attention
Some broken things in this life, we just can't fix it

Yeah, you might just fall in love
I like it when we touch
You just can't get enough
Yeah, I just don't get it, babe
These bitches in the way
I don't know why I stay

They just want money and clothes
Can't fall in love with these hoes
We won't tell nobody, I promise that no one has to know
Touching on my body, give me head like it's honor roll
Try new ways to fuck you without getting my feelings getting involved

Yeah, you might just fall in love
