

# VVS

Coi Leray

Yeah  
Oh yeah, oh yeah  
Soloing on my knees  
Everything is coolio

Are you reckless? I want Gucci on my checklist  
And I want them VVs's on my necklace (On my necklace)  
Stash your bread under the mattress  
I want steak and eggs for breakfast  
And I want expensive fabrics  
(That's what I said, I'm on my game)  
I get reckless, I want Gucci on my checklist  
And I want them VVs's on my necklace (On my necklace)  
Stash your bread under the mattress  
I want steak and eggs for breakfast  
And I want expensive fabrics  
(That's what I said, I'm on my game)

I gotta get a bag, gotta get me a check, yeah  
I fuck with my bros 'cause they all influence me  
I stay humble, no need to brag  
I remember way before when they didn't notice me  
I get so much money and I spend it with my gang  
Yeah, we all split it like a pick and roll  
I get so much money and I spend it with my gang  
And I wish a bitch would

Are you reckless? I want Gucci on my checklist  
And I want them VVs's on my necklace (On my necklace)  
Stash your bread under the mattress  
I want steak and eggs for breakfast  
And I want expensive fabrics  
(That's what I said, I'm on my game)  
I get reckless, I want Gucci on my checklist  
And I want them VVs's on my necklace (On my necklace)  
Stash your bread under the mattress  
I want steak and eggs for breakfast  
And I want expensive fabrics  
(That's what I said, I'm on my game)

I wake up and get back to it  
Yeah, dude like the way I do it  
I be throwin' it back to him  
Freaky shit, yeah I'm into it  
I wake up and get nasty  
"Do you like girls?" Don't ask me  
Bitch, I'm high and I'm maxing  
Might have your bitch in my backseat, I told 'em  
Let's get it right now when I come around  
He like me 'cause my Rolly, yeah, a bust down  
Or it's 'cause a Bim', bitch, wipe me down  
Goofy bitches can't come here, you can't come around

Are you reckless? I want Gucci on my checklist  
And I want them VVs's on my necklace (On my necklace)  
Stash your bread under the mattress  
I want steak and eggs for breakfast
