Put this pistol in my hand, I'm protectin' all these bands (Baow)
They be fuckin' up the brand when I lend a helpin' hand (Baow)
So I gotta be alone, make the money on my own
If it's smoke then meet me man to man, nigga fuck it's on (Let's go)
Now we live in luxury, that shit just a summary
In the line of fire, trust my brother he gon' cover me (Fye)
Internet trolls and the critics really under me
Had to realize they only poppin' just because of me, they stressin' me
But my bitch be trippin', she be testin' me
