

# Hypnotica

Coin

If I never heard you say those words  
Then I wonder if  
You would ever tell the truth  
If I know you  
You're talking about me  
If I know you  
You're talking right through me  
If I never heard you say those words  
Then I wonder if  
You would ever tell the truth

I bet you're feeling lonely lonely  
I bet you wanna hold me hold me  
I bet you're feeling lonely lonely  
I bet you do

If I never looked you in the eyes  
I'd realize that none of it was ever true  
I was fixed on you  
Too locked in to try and make a break  
How could I believe you  
When I could never read you  
Anyway

I bet you're feeling lonely lonely  
I bet you wanna hold me hold me  
I bet you're feeling lonely lonely  
I bet you do  
I bet you do

Should call you hypnotica  
Hypnotic girl  
God knows I couldn't read your mind  
Should call you hypnotica  
Hypnotic girl
