

It's Okay

Coin

Call it what you want
But I've seen this all before
One moment here to stay
And the next you're out the door
I'm not bitter
I won't question
Just don't wake me when you leave
And I'll be waiting

Oh, oh it's alright
I'm alright
I'm okay
I'll, I'll give it time
I'll be fine
I'll just wait

Oh you bait a thing that's twisted
And you'll hook when I bleed
But now you caught me
But you don't want me
So you throw me right back in
Just to catch me again
I'll be waiting
Here

Oh, oh it's alright
I'm alright
I'm okay
I'll, I'll give it time
I'll be fine
I'll just wait

Oh, oh it's alright
I'm alright
I'm okay
I'll, I'll give it time
I'll be fine
I'll just wait
