

## It's a Trap

Coin

I don't know where I went wrong  
Is it fate or just bad luck?  
We're tangled up like crawling vines  
I'm back here for the hundredth time

I can wait for you  
If you want me to  
Oh oh, oh oh

It's a trap, my dear  
It's a trap, my dear

Creep out for a midnight drag  
You said you quit, this one's the last  
Well maybe I take it all for granted  
You only need me when you're empty handed

All the wasted youth  
Tell the bitter truth  
Oh oh, oh oh

It's a trap, my dear  
It's a trap, my dear  
It's a trap, my dear  
It's a trap, my dear

You weren't always  
Eager to follow  
I can wait for you  
If you want me to  
(Oh oh, oh oh)

It's a trap, my dear  
It's a trap, my dear  
It's a trap, my dear  
It's a trap, my dear
