

Plug Me In

Coin

A message to my younger self
The future isn't what they tell you
I've never seen a flying car, but
Everyone's a movie star
Is it really just a glitch
When the Bible's an electric tablet?
Archers with a broken arrow
Living like there's no tomorrow

Once you grow up
You don't come back down
So, plug me in

Heaven is a moving target
Heaven is a place I'll never know
I don't want to sit in silence
So, plug me in
Hell is just an empty garden
A name for the place that we call home
I don't want to sit in silence
So, plug me in, plug me in

Take me out of my head
Of my heart, of my skin
Medicine taking hold
Sinking in
Plug me in, oh, oh
Plug me in, oh, oh
Plug me in, oh, oh
Plug me in, oh, oh
