

# Simple Romance

Coin

Heartless princess  
Effortless  
You got a touch in your hand  
Second guess  
I guess I'm complex  
So thoughtless  
It's what you do to me

Scream until I'm blue  
Yeah I'm losing my edge  
Then she's air in my chest  
What ya got in your hand?

Drag my feet to bed  
While you're living your best  
Now I'm kind of a mess  
It's what you do to me  
(It's what you do to me)

You can try to simplify romance  
Reduce it to a touch  
But maybe we're in love  
You can try to simplify romance  
Call it odd attraction  
Pulling like a magnet  
(You can try)

Black and white  
Rainbow  
It's chemical  
What you do to me

Scream until I'm blue  
Yeah I'm losing my edge  
Then she's air in my chest  
Breathing life in

Drag my feet to bed  
While you're living your best  
Now I'm kind of a mess  
It's what you do to me  
(It's what you do to me)

You can try to simplify romance  
Reduce it to a touch  
But maybe we're in love  
You can try to simplify romance  
Call it odd attraction  
Pulling like a magnet  
(You can try)

S-s-s-simplify  
It's no mystery  
You're so stuck in my mind  
It's what you do to me  
Simplify romance

The more we speak the less we say  
Just searching for a friendly face  
In love with what we wanna hate  
In love with what we wanna hate

You can try to simplify romance  
Reduce it to a touch  
But maybe we're in love  
You can try to simplify romance  
Call it odd attraction  
Pulling like a magnet

S-s-s-simplify  
It's no mystery  
You're so stuck in my mind  
It's what you do to me  
Simplify romance  
Look what you do to me
