

Oxygen

Colbie Caillat

1. I came apart inside a world made of angry people
I found a boy who had a dream
Making everyone smile
He was sunshine
I fell over my feet
Like bricks underwater
How am I supposed to tell you how I feel
I need oxygen

R: Oh baby, if I was your lady
I would make you happy
I'm never gonna leave,
Never gonna leave
Oh baby, I will be your lady
I'm going crazy for you

2. And so I found a state of mind
Where I could be speechless
I had to try it for a while
To figure out this feeling
This felt so right
Pull me upside down to a place
Where you've been waiting
How am I supposed to tell you how I feel
I need oxygen

R:

And you don't wanna keep me waiting
Staring at my fingers
Feeling like a fool

R:

3. Tell me what you want,
Baby tell me what you need
Anything I ask, baby give it to me
Baby give it to me, give it to me
Give it to me, give it to me
Baby give it to me, give it to me

I came apart inside a world made of angry people
I found a boy who had a dream
Making everyone smile
He was sunshine
