

# What If

Colbie Caillat

I see you standing over there  
You look around without a care  
I pretend you notice me  
I look in your eyes  
And what ya see

Is made up in my mind.  
Am I just wasting time?  
I think this could be love.  
I'm serious.

What if we were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah

I write our names down in the sand  
Picturing all our plans  
I close my eyes and I can see  
You, and you ask, "Will you marry me? "

Is it made up in my mind?  
Am I crazy, just wasting time?  
I think this could be love  
I am serious.

What if we were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah

I don't know what to think.  
Is this real or just a dream?  
In my heart is where you'll be  
I'll keep waiting till we meet.

What if were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah

Boy, you know you really make my heart stop  
Stop, stop

Oh, what if this real love  
What if this real love  
Oh, what if this real love  
What if this real love

Oh, boy, you make my heart stop  
You make my heart stop  
You make my heart stop  
Yeah, oh, oh, oh, oh, oh, oh, oh, oh, oh, Yeah  
Oh, boy, you make my heart stop
