

# How Do I Feel Alive

Colby Acuff

What makes your heartbeat fast cause mine's slow  
What makes your mind sharp cause mine's feeling dull  
Am I just a misfit lost in my own consciousness  
I'll do it for the hell of it  
I don't mind the consequence

So, let me know  
What I'm feeling, cause I'm having trouble breathing  
And I can't keep fighting demons in my mind  
Yeah, and I'm so numb, I could walk right through flame and fire  
Hell, it's my only desire how do I  
How do I feel alive

Nicotine dreams fill my head  
And all I can think of is one last cigarette  
Alcohol kills anxiety but it's the alcohol that's killing me  
I've been dying for a sign

So, let me know  
What I'm feeling, cause I'm having trouble breathing  
And I can't keep fighting demons in my mind  
Yeah, and I'm so numb, I could walk right through flame and fire  
Hell, it's my only desire how do I  
How do I feel alive

So, let me know what I'm feeling cause I'm having trouble breathing  
And I can't keep fighting demons in my mind

So, let me know  
What I'm feeling, cause I'm having trouble breathing  
And I can't keep fighting demons in my mind  
Yeah, and I'm so numb, I could walk right through flame and fire  
Hell, it's my only desire how do I  
How do I feel alive
