

Learned Along the Way

Colby Acuff

I've heard that love can save a man
But I'm not sure I understand
I've heard the death of a man is the death of his name
I'd be fine not dying, make my rent today

So what have I learned and what have I earned
From the friends I made to the bridges I burned
All I can say is how we all make mistakes
And there might not be any answers anyway
In the end, we'll all be okay
That's the only thing that I've learned along the way

I've heard that our Eden is set to burn
But I'm not sure how all that works
If "Thou mayest rule" like the old book say
Then I'm calling in sick and I'm sleeping 'til Saturday

So what have I learned and what have I earned
From the friends I made to the bridges I burned
All I can say is how we all make mistakes
And there might not be any answers anyway
In the end, we'll all be okay
That's the only thing that I've learned along the way

So what have I learned and what have I earned
From the friends I made to the bridges I burned
All I can say is how we all make mistakes
And there might not be any answers anyway
In the end, we'll all be okay
That's the only thing that I've learned along the way
