

Lean

Colby O'Donis

Pour you out that bottle, bottle, bottle
Body like a model, model, model

I will drink you up plenty, enjoy you
(Did you get enough) All night
(Did you get enough) All night
Slow it down, show me what you do
(Did you get enough) All night
(Did you get enough) All night

Feels like I'm on lean, I'm on lean I'm on lean, I'm on lean
You're my promethazine, 'methazine, 'methazine, 'methazine, 'methazine
Girl it feels like leaning
Ooo this is exactly what I needed, ooh
You're my promethazine, 'methazine, 'methazine, 'methazine, 'methazine

On another level, level, level
Keep this confidential, 'dential, 'dential

I will drink you up plenty, enjoy you
(Did you get enough) All night
(Did you get enough) All night
Slow it down, show me what you do
(Did you get enough) All night
(Did you get enough) All night

Feels like I'm on lean, I'm on lean I'm on lean, I'm on lean
You're my promethazine, 'methazine, 'methazine, 'methazine, 'methazine
Girl it feels like leaning
Ooo this is exactly what I needed, ooh
You're my promethazine, 'methazine, 'methazine, 'methazine, 'methazine

I don't care I'm gone
I'm so happy that I found you
Ooo this shit is bomb
I'm so happy that I (found you)
I don't see what's wrong
I'm so happy that I found you
I'm so happy that I found you
I'm so happy that I found you

Feels like I'm on lean, I'm on lean I'm on lean, I'm on lean
You're my promethazine, 'methazine, 'methazine, 'methazine, 'methazine
Girl it feels like leaning
