

Breaking Condemnation

Cold Driven

I've spent my life waiting for you
To hold out your hand and to pull me through
I'm falling fast, I've lost control
I need your strength so don't let me go
Don't let me go, hold on for the ride
Cause it's out of control

Hey when it all falls down around me 'cause
... it's my life it's my pain
Hey when it all falls down around me
Hey take it away ~ take it away

This pains building inside my mind
...'cause I need your love
I need more time
My grip is failing, it's a downward spiral
Please take my pain, please take it all

Everyone walks around me
No one bothers to help me
Scrap myself off the ground again
You carry me over
... the burdens I'm under

Hey when it all falls down around me 'cause
... it's my life it's my pain
Hey when it all falls down around me
Hey take it away ~ take it away

I've spent my life waiting for you
To hold out your hand and to pull me through
I'm falling fast, I've lost control
I need your strength so don't let me go
Don't let me go, hold on for the ride
Cause it's out of control

Hey when it all falls down around me 'cause
... it's my life it's my pain
Hey when it all falls down around me
Hey take it away ~ take it away
