

Speculating what this year has got in store for me
I'm overstimulated, check my pockets constantly
My expectations have expanded uncontrollably
But you are the one that puts my feet down in reality

You're always on my mind
I always want you here by my side
You're always on my mind
That's what we do to get by

Don't gimme limitations, you know that I can't commit
I like to keep my options open, 'case I need to split
But you're consistent, always present, solid as a rock
That's why we're not gonna stop

You're always on my mind
I always want you here by my side
Always on my mind
That's what we do to get by

Always on my mind
Do to get by
Always on my mind
On my mind, on my mind

Always on my mind
Always want you here by my side
Always on my mind
(My mind, my mind)
That's what we do to get by
We do to get

Always on my mind (Always on my mind)
Always want you here by my side
You're always on my mind (Always on my mind)
That's what we do to get by
That's what we do to get by
