

Empty Inside

Cold War Kids

What if I'm empty inside, just dust and bone?
What if I'm empty inside? What if my heart is a hole?
I'm so afraid that I'll find I got no soul
What if I'm empty inside? What if my heart is a hole?

I'm on a mission to find something more
Beneath the surface, the material world
Is there a window? Is there a door?
Tell me the secret 'cause I got to know

What if I'm empty inside, just dust and bone?
What if I'm empty inside? What if my heart is a hole?
I'm so afraid that I'll find I got no soul
What if I'm empty inside? What if I'm empty inside?

I climbed the mountain, weathered the storm
Been bruised and broken, I been reborn
I thought I made it, I had arrived
What does it matter if I'm empty inside?

What if I'm empty inside, just dust and bone?
What if I'm empty inside? What if my heart is a hole?
I'm so afraid that I'll find I got no soul
What if I'm empty inside? What if my heart is a hole?

What if I'm empty inside? It's all for show
Is there a place in the sky? What if my god is a ghost?
Where will I go when I die? Nobody knows
What if I'm empty inside? What if my god is a ghost?

What if I'm empty inside, just dust and bone?
What if I'm empty inside? What if my heart is a hole?
I'm so afraid that I'll find I got no soul
What if I'm empty inside? What if my heart is a hole?

What if I'm empty inside, just dust and bone?
What if I'm empty inside? What if my heart is a hole?
I'm so afraid that I'll find I got no soul
What if I'm empty inside? What if my heart is a hole?

What if I'm empty inside?
Empty inside
What if I'm empty inside?
Empty inside
What if I'm empty inside?
Empty inside
What if I'm empty inside? What if I'm empty inside?
