

Stop / Rewind

Cold War Kids

Oh, when I met you
Was it a dream?
Or a simulation
Reality, well I was just wondering

Cause I need to stop and rewind
Are you ahead of your time?

In Ancient Egypt
In native tribes
Life was so messy
So well organized
I'd be naked
You felt alive
Didn't you tell me
So satisfied
And I was just wonderin'

Cause I need to stop and rewind
Oh I need to stop and rewind
What I know is go ahead of its time
And all I want is to stop and rewind

All I want is to stop and rewind
All I want is to stop and rewind
All I want is to stop and rewind
