## **End of the World**

Everyone came around here Everyone else got sick And watched the clock tickin' slowly Everyone knew the ending Opened a bag of tricks And stumbled over their own They blew minds away Sort of the cripplin just like thunder And it's gone today I'm so happy that it's on

It's the end of the world

Well it's far away In a hurricane, twisting slowly Now it's gone today I'm so happy that it's on

It's the end of the world

My world, my love, my gun

Now I'm all alone Kept the pain inside Wanna torch the world Cause I'm breathin fire

My world, my love, my gun
