

You make me feel so happy  
You make me  
You make me feel right  
So happy, so happy,  
You make me feel like,

'Cause you're so cool!  
I feel like a fool when you come in in your stylin'  
You got you're pimped up clothes and your metro hair  
Sure they've all seen you in a magazine somewhere  
Or maybe in an Ad on TV  
And now you - you want me too  
And I'm so happy just to be a little bit like you

Shure if I could I'd be in your shoes  
-old shoes, new shoes , all colours and shapes shoes  
cheap shoes, shoes that never got the blues  
-just like you

And it feels right,  
Feels right ,  
Feels like ,  
(feels good baby!)  
And it feels right,  
Feels right ,  
Feels like ,

Like I'm beautiful, and you want me too  
I've put on a show, let's get it on!  
Ain't nothin' in the world I'd rather do  
I got my phone and I'm gonna shoot you  
All night long, all night long  
Just me and you baby  
And you're lookin' good  
And you're lookin' good  
Lookin' good baby  
Yeah!  
So Happy!
