

The Way You Make Me Feel

Coldfinger

The way you make me feel...
The way you make me feel...
The way you make me feel...
The way you make me feel...

Mocking bird in the sky
Let me know if the sun will shine
Spread your wings, draw a line so gray
So I'll know my love will stay

Mocking bird in the sky so high
Let me know if the wind will blow
Spread your wings, draw a line so blue
That I'll know my love is true

'Cause thats just
The way you make me feel
The way I feel for you
The way you make me feel
And baby it's just you

The way you make me feel
The way I feel for you
The way you make me feel
And baby it's...

Mocking bird in the sky
Please make sure that the rain won't fall
Spread your wings, draw a line so gray
So I'll know my love will stay
And baby it's just...

The way you make me feel
The way I feel for you
The way you make me feel
And baby it's just you

The way you make me feel
The way I feel for you
The way you make me feel
And baby it's...

You make me fly, you take me so high
Mocking bird in the sky, paint the colours of my life
You make me fly, you take me so high
Mocking bird in the sky, paint the colours of my love
For you

You make me fly, you take me so high
Mocking bird in the sky, paint the colours of my life
You make me fly, you take me so high
Mocking bird in the sky, paint the colours of my love
