Life In Technicolor II

Coldplay

```
              F#m        D
1. There's a wild wind blowing,
              A
   Down the corner of my street
         F#m                D                A
   Every night there the headlights are glowing
              F#m       D
   Theres a cold war coming,
          A
   On the radio I heard
   E                      A
   Baby it's a violent world

        F#m          D       A
R1: Oh love don't let me go
                 F#m                  D              A
    Won't you take me where the streetlights glow
              F#m      D
    I could hear it coming
              A
    I could hear the sirens sound
            E                       A
    Now my feet won't touch the ground

2. Time came a- creepin'
   Oh and time's a loaded gun
   Every road is a ray of light
   It goes o-o-o -on
   Time only can lead you on
   Still it's such a beautiful night

R2: Oh love don't let me go
    Won't you take me where the streetlights glow
    I could hear it coming
    Like a serenade of sound
    Now my feet won't touch the ground

   F#m          D
3. Gravity re lease me,
              A
   And dont ever hold me down
          E                       A
   Now my feet won't touch the ground
