

The Hardest Part

Coldplay

Emi C
And the hardest part
G Hmi
Was letting go, not taking part
Emi C G Hmi
It's the hardest part,
Emi C
And the strangest thing
G Hmi
Was waiting for that bell to ring
Emi C G Hmi
It was the strangest start,

C G Hmi
I could feel it go down
C G D
Bittersweet I could taste in my mouth
C G Hmi
Silver lining the cloud
Oh and I...
I wish that I could work it out

Emi C
And the hardest part
G Hmi
Was letting go, not taking part
Emi C G Hmi
You really broke my heart...oh
Emi C
And I tried to sing
G Hmi
But I couldn't think of anything
Emi C G
And that was the hardest part

C G Hmi
I could feel it go down
C G D
You left the sweetest taste in my mouth
C G Hmi
Silver lining the clouds
C
Oh and I
G
Oh and I
Hmi C
I wonder what it's all about

C G D
Everything I know is wrong
C G D
Everything I do, it just comes undone
C G F
And everything is torn ...a part

C
Oh and it's the hardest part

D

C

D
