Coldplay

Am I sick in my mind?  
I think about you all of the time  
All day you're inside  
Oh oh oh, it kind of blows my mind  
It blurs, it blinds  
'Cause deep down desire  
Oh, don't you know I walk through fire  
With which dark disease  
Don't let me go

To share it  
'Cause you set me free  
When you work your magic on me  
Oh it's so surreal  
Voo-voodoo  
To share it  
Put a spell on me  
'Cause when you work your magic, I'm free  
Oh yeah, I know you do  
Voo-voodoo

Get on the bounce (uh huh) all night long (uh huh)  
Work your magic (uh huh) all on me (on me)  
Get on the bounce (work it out) all night long (work it out)  
Work your magic (work it out) all on me

Ella es viento y fuego  
Mi corazón hechizó  
Ella me hizo un voodoocito  
Así dentro de mí, ay  
Su magia puro amor  
Sin truquitos o no  
No, ay baby qué divino  
Wah, wah, wah, wah, baby  
Wah, wah, wah, wah  
You got fire, fire  
Hey, puro fueguito lo que hay aquí  
Wah, wah, wah, wah, baby  
Wah, wah, wah, wah  
You got fire, fire  
Puro fueguito baby

To share it  
'Cause you set me free  
When you work your magic on me  
Oh it's so surreal  
Voo-voodoo  
To share it  
Put a spell on me  
'Cause when you work your magic, I'm free  
Oh yeah, I know you do  
Voo-voodoo

Oh, how do you do that voodoo that you do?  
Oh, how do you do that voodoo that you do? (Voo-voodoo)  
Oh, how do you do that voodoo that you do?  
Oh, how do you do that voodoo that you do? (Voo-voodoo)

Get on the bounce (uh huh) all night long (uh huh)  
Work your magic all on me (voo-voodoo)  
Get on the bounce (work it out) all night long (work it out)  
Work your magic (work it out) all on me

Oh how do you do that voodoo that you do?  
Oh how do you do that voodoo that you do?  
Oh how do you do that voodoo that you do?  
Oh how do you do that voodoo that you do?

To share it  
'Cause you set me free  
When you work your magic on me  
Oh it's so surreal  
Voo-voodoo  
To share it  
Put a spell on me  
'Cause when you work your magic, I'm free  
Oh yeah, I know you do (do do do)  
Voo-voodoo
