

8 AM

coldrain

Sunlight

I can't remember why

We stayed up 'til 4AM ('til 4AM)

We talked about

Nothing important and then made love

The birds wake up we close our eyes

The birds wake up we close our eyes

I love when she calls my name inside her dream

Kisses me still half asleep

Girl I wish that we could stay like this

At 8AM

Time flies

And I can't remember the

First time that we met

Now I need her

Like I know she needs me too

It can't get much better than this

It can't get much better than this

I love when she calls my name inside her dream

Kisses me still half asleep

Girl I wish that we could stay like this

At 8AM

I stop the alarm to watch her sleep and think

I'd do anything

If I could make this time rewind forever

Till 7:59

(The time stop it's sinking, let's stay here forever)

(Together and dreaming, forever believe me)

(The time stop it's sinking, let's stay here forever, together)

I love when she calls my name inside her dream

Kisses me still half asleep

Girl I wish that we could stay like this

At 8AM

I stop the alarm to watch her sleep and think

I'd do anything

If I could make this time rewind forever

If I could make this time

(The time stop it's sinking, let's stay here forever)

(Together and dreaming, forever believe me)

If I could make this time

(The time stop it's sinking, let's stay here forever)

(Together and dreaming, forever believe me)

If I could make this time

(The time stop it's sinking, let's stay here forever)

(Together and dreaming, forever believe me)

If I could make this time rewind I'd make it
