

Stay

coldrain

Someone told me
Time will heal all the pain
But no one told me
It doesn't work the same
When you fall in love

Someone told me
Love is just a game
But no one told me
I'd never play again
Because she took my breath away
When she said

Stay
I want you to know
Every time you go
I'm torn apart to pieces here alone
So just stay
You're the antidote
You're my only hope

Will you save me
If I'm in need of help
And will you hold me
Until I feel the warmth
Because you're the only one that
Makes me feel alive
When I'm with you
I know
That I will survive
She said

Stay
I want you to know
Every time you go
I'm torn apart to pieces here alone
So just stay
You're the antidote
You're my only hope

Time takes us all
And there's nobody else
I rather be with at the end

Stay
I want you to know
Every time you go
I'm torn apart to pieces here alone
So just stay
You're the antidote
You're my only
Stay
I want you to know
That you're my only hope
Stay
I want you to know
You're my only hope
