

# Sayin' You Love Me

Cole Swindell

I been thinkin' 'bout you all day, can't even hide it  
I'ma hop up in the truck and I-65 it  
Eighty-five, goin' straight to your drive  
And I'm divin' in your neon eyes  
Crazy you get me when nobody can get me  
Baby, you fix me when nobody can fix me  
Do that thing that you always do  
Mm, and it feels brand new

When you say that you want me  
Without sayin' you want me  
Baby, say that you need me, make it look easy  
Don't just lead me on, I hate when you tease me  
When we're kissin' on a two-lane road  
Tell me all the things that I already know  
I'm addicted to the way that you crush me  
Whenever you touch me, can't get enough of me  
I love how you love me without sayin' you love me  
Sayin' you love me  
4:18 on the dashboard, tick-tock  
Sun's about to show up soon  
Feelin' that feelin' every time that our lips lock  
Girl, you send me over the moon

When you say that you want me  
Without sayin' you want me

Baby, say that you need me, make it look easy  
Don't just lead me on, I hate when you tease me  
When we're kissin' on a two-lane road  
Tell me all the things that I already know  
I'm addicted to the way that you crush me  
Whenever you touch me, can't get enough of me  
I love how you love me without sayin' you love me  
Sayin' you love me

It's the way your shadow moves on the wall  
And you let your long hair fall

When you say that you want me  
Without sayin' you want me  
Baby, say that you need me, make it look easy  
Don't have to lead me on, I hate when you tease me  
When we're kissin' on a two-lane road  
Tell me all the things that I already know  
I'm addicted to the way that you crush me  
Whenever you touch me, can't get enough of me  
I love how you love me without sayin' you love me  
Sayin' you love me  
Yeah, sayin' you love me  
Sayin' you love me  
Oh, you ain't gotta say a word
