

Come Over

Coleman Hell

Tell me bout your problems
Everybody's got one or two
A sister who went crazy
A brother you ain't talking to

And your momma ain't right
Heard your daddy's gone mad
But you never think twice
Bout the problems they had

I just called to say
Come over
If it's not too late
Hey hey

I just called to say
Come over
If it's not too late
Hey hey

Tell me bout your problems
Everybody's got some excuse
A son who never calls you
A friend that you ain't talking to

And your momma ain't right
Heard your daddy's gone mad
But you never think twice
Bout the problems they had

I just called to say
Come over
If it's not too late
Hey hey

I just called to say
Come over
If it's not too late
Hey hey

I just called to say
Come over
If it's not too late
Hey hey

I just called to say
Come over
If it's not too late
Hey hey
