

# Get To Know Ya

Coleman Hell

Can I get to know ya  
Can I get to know ya  
Can I get to know ya, babe  
Can I get to know ya

Can I get to know ya  
Can I get to know ya, no no  
Can I (Hey)  
Can I get to know you

Tell me your sign  
Tell me your plans  
Can they be mine  
Girl, I'm just sayin'  
Give it a try  
Give me a chance  
(Whoa)  
Can I get to know ya

I just wanna vibe  
With you and your friends  
Ten out of ten  
We'll do it again  
Give me a shot  
Give me your hand  
Can I get to know you...

She's a fine one  
Spent all night tryin' to find one  
Shine so bright like a diamond  
Shine so bright my diamond, yeah  
And you know I got my on you  
You're the right one, you  
You're the right one  
Wanna light one  
With you when the night come

Can I get to know ya  
Can I get to know ya  
Can I get to know ya, babe  
Can I get to know ya

Can I get to know ya  
Can I get to know ya, no no  
Can I (Hey)  
Can I get to know you...

They keep playing slow songs  
I've been waiting so long  
For the chance to go off  
Can I get to know ya  
They keep playing slow songs  
I've been waiting so long  
For the chance to go off  
Can I get to know

Can I get to know ya

Can I get to know ya  
Can I get to know ya, babe  
Can I get to know ya

Can I get to know ya  
Can I get to know ya, no no  
Can I (Hey)  
Can I get to know you...
