

Good Mood

Coleman Hell

Put me in a good mood
Good mood
Good mood
Ooh that's something that I could use
Could use
Could use
Someone hit me with the good news
Good news
Good news
I just want to feel a good mood
Good mood
Good mood

Tears keep falling in my cup
Fears I keep them bottled up
Ooh, I know I'm hard to love
Here's to you for never giving up

Put me in a good mood
Good mood
Good mood
Ooh, that's something that I could use
Could use
Could use
Could use
Someone hit me with the good news
Good news
Good news
I just want to feel a good mood
Good mood
Good mood

Years I've been down on my luck
Feel like I'm never enough
Ooh, I know I'm hard to love
Here's to you for never giving up

Put me in a good mood
Good mood
Good mood
Ooh, that's something that I could use
Could use
Could use
Someone hit me with the good news
Good news
Good news
I just want to feel a good mood
Good mood
Good mood
