

Grandma's House

Coleman Hell

You know it's Christmas day
Over at Grandma's house
You got to grab a plate
C'mon and gather round
(Hey hey hey)

Now those four walls have fallen
The ones that held us all in
The ones that I grew tall in
But I still hear her calling out
She's saying gather 'round
Everybody gather 'round
You've got to gather 'round
Like you're at Grandma's house
(Ooh)

You better not be late
Going to Grandma's house
And if you brought a date
Well, then they're family now
(Hey hey hey)

Now those four walls have fallen
The ones that held us all in
The ones that I grew tall in
But I still hear her calling out
She's saying gather 'round
Everybody gather 'round
You've got to gather 'round
Like you're at Grandma's house
(Mmm)

So tell your daddy and your momma
Gather 'round
Tell your sister and your brother
Gather 'round
Tell your auntie and your uncle
(C'mon) gather 'round
First cousin's second cousin
Gather 'round
That friend who's always at the family function
Gather 'round
Everybody everybody
Gather 'round
Everybody gather 'round
Everybody gather 'round
Everybody gather 'round
Everybody gather 'round
Everybody gather 'round
Everybody gather 'round
