

# Hidden Camera

Coleman Hell

I wish you had a hidden camera  
So you could see I'm not okay  
Cause when there are no hidden cameras  
People act a certain way  
I could use a hidden camera  
I need a reason to behave  
Won't you be my hidden camera  
You can watch me everyday

I wish that you would wear a wire  
So I could listen to you breathe  
I wish you had a hidden camera, oh yeah  
But I'm afraid of what you'll see  
Cause if you had a hidden camera  
You could go through all the tapes  
All the evil that it's captured  
The innocence that it's erased

And if you were a secret agent  
Double o, double o  
I would be your human shield  
Now you know, my covers blown
