

High Off U

Coleman Hell

Hi
Hello
Goodbye
I know that it's the time to go
Get high

Yes
Or no
I checked them both I guess
You know
I'm high

It gets me everytime
It gets me everytime
It happens right on cue
It gets me everytime
It gets me everytime
That second hand perfume

Getting high off you
Getting high off you
Getting high off you

I can't pick left or right so I just left it
Right before
The feeling
Started kicking in
I'm tripping out again I'm

Hi
How are you?
Cause I'm high off you
And I don't why
But it's true
That you're the only drug I wanna do

It gets me everytime
It gets me everytime
It happens right on cue
It gets me everytime
It gets me everytime
That second hand perfume

Getting high off you
Getting high off you
Getting high off you

Hi
Hello
Goodbye
I know that it's the time to go
Get high

Hi
