Coleman Hell

I get romantic when my blood turns into alcohol
(Killer, killer)
Our love's a natural disaster, it's an act of God
(Killer, killer)

Killer, killer, killer, killer... Killer
Killer, killer, killer...

I just want you to stay naked all day
Show me why you'd be mine one and only
I say, ooh, baby, kill 'em, ooh, ooh, baby, kill 'em
(Killer, killer)
When I'm watching you get ready for work
I pretend it's a striptease in reverse
I say, ooh, baby, kill 'em, ooh, ooh, baby, kill 'em
(Killer, killer)

I got addicted to your kiss, it was a gateway drug
(Killer, killer)
My heart's in critical condition when we're making love
(Killer, killer)

Killer, killer, killer, killer... Killer
Killer, killer, killer...

I just want you to stay naked all day
Show me why you'd be mine one and only
I say, ooh, baby, kill 'em, ooh, ooh, baby, kill 'em
(Killer, killer)
When I'm watching you get ready for work
I pretend it's a striptease in reverse
I say, ooh, baby, kill 'em, ooh, ooh, baby, kill 'em
(Killer, killer)

We ain't sleepin' all night
We ain't sleepin' all night, no
We ain't sleepin' all night
Killer, killer, killer

Killer, killer, killer, killer... Killer
Killer, killer, killer...
