

# Lines

Coleman Hell

These lines  
Between you and me  
Can we cross these lines  
Lines no one can see  
Why do we draw these lines  
They got us surrounded  
Can we get around it  
They got us surrounded  
Can we get around these lines

She tries to change herself  
You know she wants to be  
To my [?]  
Don't wanna be someone  
Who hides behind these lines

These lines  
Between you and me  
Can we cross these lines  
Lines no one can see  
Why do we draw these lines  
They got us surrounded  
Can we get around it  
They got us surrounded  
Can we get around these lines

He tries to walk these streets  
You know he just can't seem to find no peace  
And so he tries to hide, hide behind these lines

These lines  
Between you and me  
Can we cross these lines  
Lines no one can see  
Why do we draw these lines  
They got us surrounded  
Can we get around it  
They got us surrounded  
Can we get around

These lines  
Between you and me  
Can we cross these lines  
Lines no one can see  
Why do we draw these lines  
Why do we draw these lines
