

## Jealous Type

Colette Carr

I'm back bitch yeah I got this  
Going to play you like a middle street actress  
I'm R Kelly when we're sleeping on our new mattress  
Pissing all over your industry wackness

The fact is it's your brand new tactic  
I ignore you cause that's when you gotta have it  
Posting pics with other guys now you're mad as shit  
How sad is this? You're so damn abrait

Now you're picking me up in your Benz  
Want me to meet all your old friends  
Telling me you'd do this to me all day  
You're just a player in this motherfucking game

Now you're picking me up in your Benz  
Want me to meet all your old friends  
Telling me you'd do this to me all day  
You're just a player in this motherfucking game

First you acting like you hate me you don't fuck with me  
See me with another guy now you're in love with me  
Now I don't like playing games but if that's what you want  
I'll ignore you 'til you need me cause I know that you're

The jealous type  
You are  
The jealous type  
I said you are the jealous type

Once upon time about a week ago  
You told me that you weren't really into me  
You saw me with a couple of hot guys you know  
Now all you can think about is getting into me

It's so typical and predictable  
Getting jealous makes you want to get physical  
You're just pitiful, I'm irresistable  
I treat you bad now you're all over my genitals

Now that I know that  
Got a red dot right on your forehead  
Anytime you show interest I'll shoot you down  
You'll be crawling on your knees to get more of this
