

# Rebound

Colette Carr

If you only knew how much I love you  
It's a lot not a little bit  
I love you more than the universe  
And even more than the internet

When you're sitting at home in your office chair  
Spinning round and round  
Wondering why these girls that you taking out  
Always make you frown

Well I don't have the answers  
But I do know the truth  
I guess that none of them get you  
Quite as well as I do

You put yourself out there  
You keep getting hurt  
But I'll always be there  
To wipe off this dirt

Rebound your rebound  
When another dumb bitch just doesn't work out  
I'll be your rebound  
Yeah, I'll revive you when everything seems so unexciting

On a merry-go-round of the same mistakes  
Cause you never learn  
I've been waiting for you just to figure it out  
Can't you see it's your turn?

Well I'm not a doctor  
But I do all the cure  
I'll give you all of my love  
So you can forget the burn

It might not be perfect  
But we can pretend  
That this is how our  
Fairytale will begin

Rebound your rebound  
When another dumb bitch just doesn't work out  
I'll be your rebound  
Yeah, I'll revive you when everything seems so unexciting

If you only knew how much I love you  
It's a lot not a little bit

I love you more than the universe  
And even more than the internet

If you only knew how much I need you  
I want to call you my guy  
I need you more than my iPhone  
I need you more than my wifi

I'll be your rebound your rebound  
When another dumb bitch just doesn't work out  
I'll be your rebound  
Yeah, I'll revive you when everything seems so unexciting
