Dancing in the Starlight

Colin Blunstone

If I had to do it all again, you know I'd do it just the same
'Cause, in the end, the road I chose took me to you
So many times I didn't say, so many times I fell along the way
But, in the end, the road I chose took me to you

Time after time, I nearly crossed the line
Trying to find the light inside the darkness
You opened up my eyes, and helped me break the ties
That held me to a life of emptiness

Ooh, ooh, ooh, dancing in the starlight
Now I know that loving you will set me free
Ooh, ooh, ooh, everything's gonna be alright
I just wanna lose myself in loving you

So I would never change a thing
Too afraid of what a change might bring
'Cause, in the end, the road I chose took me to you

Time after time, I nearly crossed the line
Trying to find the light inside the darkness
You opened up my eyes, and helped me break the ties
That held me to a life of emptiness

Ooh, ooh, ooh, dancing in the starlight
Now I know that loving you will set me free
Ooh, ooh, ooh, everything's gonna be alright
I just wanna lose myself in loving you

Time after time, I nearly crossed the line
Trying to find the light inside the darkness
You opened up my eyes, and helped me break the ties
That held me to a life of emptiness

Time after time, I nearly crossed the line
Trying to find the light inside the darkness
You opened up my eyes, and helped me break the ties
That held me to a life of emptiness

You opened up my eyes, and helped me break the ties
That held me to a life of emptiness

Ooh, ooh, ooh, dancing in the starlight
Now I know that loving you will set me free
Ooh, ooh, ooh, everything's gonna be alright
I just wanna lose myself in loving you

I just wanna lose myself in loving you
I just wanna lose myself in loving you
I just wanna lose myself in loving you
