

# Oxygen

Colin Blunstone

I take each breath as if it is my first  
I hold it there so deep inside me  
Till I'm fit to burst

I speak each word as if it is your name  
I move my lips  
I taste the moment  
And still it sounds the same

Your hand moves and so does mine  
Our hearts beat  
Our bodies keep in time

You are my oxygen  
I breathe you in, I breathe you out  
You are my oxygen  
You are my love, you are what life's about

I take each breath as if it is my last  
You never know  
What came so slowly  
Can leave us oh so fast  
I take each step as if it is to you  
I hear your voice and feel your presence  
In everything I do

My body sleeps  
Your lips revive  
Our eyes meet and I know I'm alive

You are my oxygen  
I breathe you in, I breathe you out  
You are my oxygen  
You are my love, you are what life's about

I'm nobody without you  
If you were not here  
What would I do  
What would I do

You are my oxygen  
I breathe you in, I breathe you out  
You are my oxygen  
You are my love, you are what life's about
