

# Lifeline

Colin Hay

Get out of Hollywood  
Drive into the hills  
Rolldown the top  
And just throw away your pills  
You'll never forget her  
So why do you even try?  
Things'll get easier  
As the days go creeping by

Broke my heart  
Saw it coming from the start  
I really hate to see the shape i'm in  
Broke all the rules  
And you know life can be cruel  
But i think it's time i learned to swim

Show me  
There still can be some mystery  
I haven't found  
Throw me  
A lifeline to the lost at sea  
Don't let me drown

And if i had my way  
Tell you what i'd do  
Drive down to the lake  
Before the sky gets blue  
Fill up my bottle  
With water from the spring  
Because i read somewhere that it cures everything

Broke my heart  
Saw it coming from the start  
I really hate to see the shape i'm in  
Broke all the rules  
And you know life can be cruel  
But i think it's time i learned to swim

Show me  
There still can be some mystery  
I haven't found  
Throw me  
A lifeline to the lost at sea  
Don't let me drown

Broke my heart  
Saw it coming from the start  
I really hate to see the shape i'm in  
Broke all the rules  
And you know life can be cruel  
But i think it's time i learned to swim

Show me  
There still can be some mystery  
I haven't found  
Throw me  
A lifeline to the lost at sea

Don't let me drown

Show me

A way out of this misery

I haven't found

Throw me

A lifeline to the lost at sea

Don't let me drown

Don't let me drown

Don't let me drown

Don't let me drown
