Bad Boy

Colin James

```
I used to be a bad, bad boy, now I don't have to be bad no more
I used to be a bad, bad boy, now I don't have to be bad no more
I learned my lesson long time ago

My father died, well he left me all by myself
My father died, well he left me all by myself
Now I ain't got nobody to sit down, talk to me

Well, my brother and my sister don't seem to know me know me no
 more
Well, my brother and my sister don't seem to know me know me no
 more
Now I got nobody tell my troubles to
```
